

## **Title – formatting guidelines and abstract template for authors submitting abstracts to GeoCalgary 2020**

Author One, Author Two, & Author Three  
*Company Name, City, Province/State, Country*  
Author Four, Author Five, & Author Six  
*Department of XX – University of YY, City,  
Province/State, Country*

### **ABSTRACT**

Abstracts may be submitted in English or French. To ensure consistency in the presentation of the abstracts in the online technical program calendar your abstract must not exceed a total of 300 words. The number of submissions per presenting author is limited to two submissions in total.

The abstract must be submitted to the conference via the on-line submission feature on the conference website and must be received before the close of abstract submissions on January 17, 2020. Please ensure that you spell check your abstract and review it for correct grammar.

You will be advised of acceptance of your abstract by February 14, 2020 or before. The abstracts of accepted technical papers, for which a paid delegate registration has been received, will be included in the online technical program calendar and in the printed program distributed at the conference. Accepted papers, for which a paid delegate registration has been received, will be published in the electronic conference proceedings.
